There is no use waiting until the weather gets too cool and you may not be able to get to Chicago. You will not be disappointed. You will have plenty of first class company, and

Scores Another Winner.

Our home team has resolved to be a winner from now on and this is their second victory within the past week. At Pembroke last week they won the game by a score of 27 to 14. The game Friday resulted in a score of 26 to 13, or 2 to 1.

The Lost Has Been Found.

On Sunday, the 29th ult, Miss Catherine Vaughan, of Herndon, suddenly disappeared from the neighborhood and there were apprehensions that she had destroyed herself. A large searching party was organized, but they failed to get trace of her. On Wednesday last information was received at Herndon that Miss "Cat," as she is familiarly known, was over in Trigg visiting friends. This information was a great relief to her friends around Herndon, as she is quite popular and well connected. She has been considered eccentric for many years, and on this occasion suddenly left church on foot to make this far off visit.

Gave Leg Bail.

Jordan McNeil, the negro who is charged with entering Esquire Dawson's dwelling near Roaring Springs one night last week, with criminal intent, escaped from Sheriff McKinney Thursday afternoon and is still at large. McNeil had been taken from Cadiz to the Springs to have an examining trial. He waived examination and was ordered to jail to await the action of the grand jury. Sheriff McKinney started back to Cadiz with his man in a buggy. They had gone only a short distance when the prisoner's hat blew off. This attracted the attention of the sheriff, when McNeil, who was not manacled, sprang from the buggy and ran off at a rapid gait. The sheriff followed him some distance and fired several shots but without effect. McNeil was soon out of sight and is still a fugitive.

Prof. Frogge Accepts.

Mr. Chas. M. Mescham, Chairman Dem. County Committee:

In accepting the nomination of my party I wish to thank my friends for the endorsement given, and shall endeavor to make myself worthy of the confidence reposed in me. And I take this opportunity to thank my many friends, both Democrats and Republicans, for their support in 1890. I have made or endeavored to make you a faithful, impartial, painstaking and energetic officer. I am proud to say I have done just what I promised to do. I have gone into every district and superintended each school personally, giving my entire time and energy to the work. And I here promise, if re-elected, to push forward with untiring efforts the school interests of my county until none in the State shall equal her in efficient teachers and well equipped schools. Equal facilities to every child is my motto.

Yours for better schools,
S. L. Frogge, Co. Supt.

Incorrect fitting Spectacles and Eyeglasses.

We will take it for granted that your spectacle lenses are a perfect fit for your eyes, but are you sure that the frames which contain the lenses are a correct fit in every way? (which is rarely ever the case) If not, you are deprived of that comfort that is expected, and that you should have from your glasses, as in every instance of misfitting frames they do incalculable injury to the eyes. So do not neglect this very important point just because you do not fully understand it or realize their bad effects. It is not every optician who can fit glasses well; that can fit frames to the face and eyes correctly. It requires a certain amount of mechanical skill, which all cannot acquire. Now as accuracy and competency in workmanship, as well as truthfulness, is characteristic of my 28 years of success in business—surely my house ought to be the safest now to patronize, and for all who need anything in my line.
